

Monday 11th March 2024

Dear Parents and Carers,

Comic Relief – Red Nose Day - Friday 15th March

This half term, our school vision is **‘Together in our World’**. We would like to promote active citizenship at Dunbury, by supporting Comic Relief which aims to create a just world free from poverty. This includes supporting people who are impacted by the effects of climate change.

Wear red!

On **Friday 15th March**, we would like to invite our families to make an online donation to Comic Relief here www.comicrelief.com/pay-in , and for all children to show support for the charity by swapping **one** item of their school uniform for something red.

Considerate Climate Ambassadors

We would also like pupils to have a think about one of the big issues facing the planet - from drought and desertification, food waste, or sustainable building - and use their imagination to design something **(using Lego, junk modelling or other construction materials)** that helps to deal with one of these issues. Here are a few ideas:

- Design or build a home which helps people fighting rising temperatures and desertification.
- Design or build a home which is good for people and our planet. Think about the materials and energy it would use.
- Build something to help reduce food waste in your area.

Please submit your design or building to your class teacher by **Friday 15th March**.

Where the donated money goes:

- £5 could provide school stationery to a child living in poverty in South Africa.
- £10 could get 40 meals to children and families in need in the UK.
- £50 could buy a bike for a health visitor in Ghana so they can provide vital health care for hard-to-reach families.

We look forward to a day of charity, colour and eco-ingenuity - we can't wait to see your wonderful designs!

Yours sincerely,

Mrs Stoker

Class Teacher/Climate Lead
