

1st October 2024

Dear Parents and Carers,

In response to your feedback, we would like to offer you the opportunity to attend a maths session aimed at helping you better support your child with the strategies we use in school. This is open to parents and carers across all year groups and will be held at Dunbury Juniors on **Wednesday 16th October at 5:30pm**.

We will be talking through strategies such as '5 and a bit', '10 and a bit' 'make 10 and reach 10'. Using these strategies helps your child build their fluency (efficiency, accuracy, flexibility) which enables them to better access other aspects of the mathematics curriculum.

Please contact the school office if you would like to attend.

Yours sincerely,

Mrs Duerdoth
Maths Subject Leader
Assistant Headteacher
